

You are living in the
greenest city of India.

Delhi has the highest green cover
in the country.

**Who developed
these greens?**

For details turn to page

Gives us great
delight to contribute
in making
Delhi green &
bright and helping
to keep air fresh
for Delhiites.

Four regional parks, 25 city forests, 111 district parks, 255 neighbourhood parks, 14 sports complexes, 26 play areas and landmark greens such as Swarn Jayanti Park, Aastha Kunj, Indraprastha Park etc. make it a total of 4587 hectares of myriad greens developed by DDA for Delhi. A 19 percent green cover made possible with unwavering devotion to providing Delhi a healthier environ and indeed a healthier lifestyle. Take a deep breath, **you are living in the greenest city of the country.**
