

## **DELHI DEVELOPMENT AUTHORITY EARLIER STATUS OF WATER BODIES**

- **A Case was filed in High court of Delhi under writ petition case No. 3502 of 2000 titled as Shri Vinod Kumar Jain Vs GNCTD &Ors for revival of water bodies in Delhi.**
- **Subsequently a Petition no CCP No. 458/2013 in above W P (C) was filed by the petitioner against Chief Secretary Govt. of Delhi and Ors. wherein DDA was a party as respondent no. 3.**
- **A Total of 156 water bodies were identified under Jurisdiction of DDA all over Delhi by Petitioner.**
- **A Committee was constituted by Hon'ble L.G. on dated 07.06.13 under the chairmanship of Sh. S.R. Solanki CE (DWK) to review the progress & restoration of water bodies in Dwarka.**
- **During the course of various meetings of this committee a list of 24 locations/ water bodies were submitted by Sh. S.S. Mann Member of Committee to Chief Engineer Dwarka. Some of these locations are common with list submitted in the Hon'ble High Court.**

## Status of these 24 water bodies/locations are as under

S.No.	No. of water bodies	Earlier Status
1.	9 Nos.	These are being regularly maintained & cleaned by DDA.
2.	2 Nos.	These are existing in green areas in sector-20 & sector-23 and have been revived and connected to trunk drain no. 2 by constructing coffer dams.
3.	2 Nos.	New locations in sector-24 and sector-8 have been developed and connected to SW drains.
4.	2 Nos.	These are in sector-5 and sector-8 and are not in fact water bodies but only low lying depression.
5.	2 Nos.	These are in sector-19, existing in Distt. Parks and have been connected to nearby S.W drain by making kachha drains.
6.	4 Nos.	These are existing on open ground and can not be developed as permanent water bodies due to land use being residential/commercial. However these have been connected with adjoining drains by making kachha channels.
7.	1 No.	Water body falling in sector-12 near Gangotri Apartment has been taken over by Archeological Survey of India.
8.	2 Nos.	Could not be identified at site.

**List of developed 15 Nos. + 7 Nos. = 22 Nos. developed water bodies DwarkaZone**

## Water bodies to be developed in South Zone

S. No.	Name of Water Bodies	Khasra No.	Area	Earlier Status
1.	Hari Nagar (Ashram) (a)	1949	20000	Development plan issued on 26.07.2013. Further work shall be taken after record of A/A and E/S by the Competent Authority. Work of construction of boundary wall has been taken up.
2.	Mehrauli (Baba AdhrangNath)	2741/2036/1675	13 Bigha 13 Biswa	Boundary wall was constructed on three sites. On one site two school exist and villagers did not allow to construct the boundary wall for by bifurcating the land of school and water body with the plea that the land of water body has been allotted to the school. Villagers of the KishanGarh village move in the Hon'ble High Court with the plea that the land of the water body has been allotted to the school. Chief justice of the Hon'ble High Court pronounced the judgment on 17.04.2013 and the decision is reproduced. "It is the stand of the DDA that as per the Joint inspection Report of the land in question measuring 2 Bighas and 10 Biswa Khasra No. 1220 is only a pound and the DDA is also taking step to revised statement as expeditiously as possible to revive the water body." Further development works shall be taken up after constructed the boundary wall on the school sides.
3.	MahipalPur (e)	1030	4 Bigha 16 Biswa	Land is with GNCTD. Area is dry. Development of the water body shall be taken up after taking over the land from the Delhi Government.
4.	MahipalPur (f)	1085	4-16	Area is dry. Development of the water body shall be taken up after the Approved drawings issued by the Competent Authority.
5.	Opposite Sahara Restaurant			Earlier this site was under court litigation which has been cleared. Further development work shall be taken up after approved drawing issued by the Competent Authority.

## Water Bodies which can not be revived in South Zone

S. No.	Name of water bodies	Khasra No.	Reasons behind non revival of these water bodies
1.	KishanGarh (a)		This water bodies does not exist as per land revenue record.
2.	Not in List		This water bodies does not exist as per land revenue record.
3.	BasantGoan		This water bodies does not exist as per land revenue record.
4.	KabirBasti (a)		This water bodies does not exist as per land revenue record.
5.	Shyam Nagar Lake (a)		This water bodies does not exist as per land revenue record.
6.	Munirka (a)	823/705	On the demand on the villagers of Munirka at surrounding of DDA area this whole area has been developed in to a sport complex and was inaugurated by the then Dy. Prime Minister of India Sh. L.K. Advani in December 2002. Land is being used for the Sports facilities by villagers. During rain it acts as a water harvesting point which is basic point of the water body.
7.	MahipalPur (c)	451	The land falls in village abadi. The land is encroached and no water body exists.
8.	Mahipalpur (d)	524	The land falls in village abadi and major part of the area is encroached and small portion is lying vacant. Land is with DDA.
9.	Sudershan Park (a)		This water body does not exist as per land revenue record.
10.	PachimVihar (a)		- Do -
11.	Badarpur Marshes (a)		- Do -

**List of developed 12 Nos. + 3 Nos. = 15 Nos. water bodies in East Zone**

<b>PART-B</b>				
13.	Water body at MandawaliFazalpur		0.93	Developed
14.	Water body at CWG Village		1.35	Developed
15.	Green belt at Mandoli Road		0.35	Developed

## Water Bodies which can not be revived in East Zone

S. No.	Name of water bodies	Khasra No.	Reasons behind non revival of these water bodies
1.	Vinod Nagar (b)	625	A park has been developed by MCD long back. Further action is to be taken by the MCD.
2.	Karkardooma (b)	483 to 492	Since this area has been fully developed as commercial centre, there is no possibility to create a water body in the area.
3.	TahirPur (b)	1	The land has been handed over to MCD/DJB for construction of Overhead Tank water treatment plant. The Overhead Tank has already been constructed and work of water treatment plant is in progress. There is no possibility reviving of the water body in the area.
4.	Khichripur(c)	587/202 587/316	The area is surrounded by unplanned residential colonies and the area available is hardly 650 Sqm.
5.	Charoli (e)	947/672	Since the land is already for institutional purpose, therefore, water body can not be developed.
6.	Charoli (f)	948/672	- Do -
7.	Charoli (g)	949/672	- Do -
8.	Dallupura (a)	171 to 175	The entire area has been developed by DDA as Facility Centre and allotted to different agencies like Fire Station, Petrol Pump, Service Station, E.S.S. Police Station & College. Since the area has already been developed by laying requisite services, there is no possibility of revival of water body in the area.
9.	Dallupura (b)	-	- Do -
10.	Dallupura (c)	-	- DO -
11.	Dallupura (d)	-	- Do -
12.	JhilmilTahirpur (a)	1 Min	The area has been handed over to MCD and Super-Specialty Rajeev Gandhi Hospital has been completed. Since the area has already been utilized for a hospital building, there is no possibility of revival of water body.
13.	Karkardooma (a)	560 Min	The park has been developed fully and is being used by local residence as play field. Therefore at this stage no water body can be developed in the area.
14.	Ghazipur (b)	464, 487, 76	Since the area has been planned and developed as Integrated Freight Complex and Services are laid, there is no possibility of revival of water body.
15.	Charoli (a)	943/672 to 946/672	This area has been allotted for Sr. Sec School and Elect Sub Station. There is no possibility of revival of water body.
16.	Charoli (b)		- Do -
17.	Charoli (c)		- Do -
18.	Charoli (d)		- Do -
